

Place Network Spring Conference 2023 - IN PERSON!

Schools interested in becoming a partner in the Place Network are invited to send representatives (ideally a school leader and teacher) to attend the Place Network Spring Conference.

When and Where:

- Teton Science Schools' Jackson Campus in Jackson, Wyoming
- April 18-21, 2023.
 - Arrival between 3-5pm on Tuesday, April 18.
 - Place Network Spring Conference, April 19-21.
 - Place-based Education Symposium April 21, evening.
 - Departure by 10am on Saturday, April 22.

How to register - please contact Krista Hollis @ krista.hollis@tetonscience.org

Prospective Place Network Schools:

- **Early bird pricing available through February 17, 2023 for \$385 per person, which includes meals, lodging, and program.**
- Registration February 18th- April is \$775.

The conference will offer an opportunity for schools to meet in person; share best practices, successes, and challenges; and support one another towards deeper implementation of Place-based Education and Place Network Learning Model. Prospective Schools will gain insights into how to implement place-based education and leave eager and ready to become a Place Network school partner. This year's in-person conference will support each school in taking Place-based Education to the next level when they return home!

A more detailed agenda will be provided end of February 2023. For more information about being a TSS program participant, see [Participant Packet](#). Contact tlc@tetonscience.org with any questions.
