

## What Have I Learned About Purpose?

You will have 25-30 minutes to work on this assignment. Answer 3 of the following questions. Please think about your answer and structure your thoughts before writing.

1. What matters to you? What gets you out of bed in the morning? What excites you? What makes you . . . YOU?
2. What choices are you making – or could you make – to pursue what inspires you most?
3. Is purpose created, discovered, or does it come together like a puzzle when all the different pieces come together? And to what degree could it be a combination of two or all three?
4. How do you think you might be able to find purpose in your life?
5. What are the pros and cons of not feeling like you have much purpose in life at this point in your life?
6. Describe someone you look up to. Who are they and why do you admire them? If given the opportunity, how might they answer the same questions you just answered above?
