

## Readiness Checklist

GiveThx is a browser-based app that supports social-emotional learning through gratitude practice. We know it takes effort to introduce and implement a successful program in schools and we're here to support that effort. See below for requirements and recommendations. If you check all of the required boxes, GiveThx is a good fit for your learning community and you are ready to get started.

### Required

- Connectivity & Hardware - Internet and devices with web browsers are required (review [tech specs](#))
- SEL Orientation - The learning community has buy-in to implement an SEL program
- Time - 5-15 minutes a week for students and 5 minutes a week for staff
- Anchor Class - A place (i.e. advisory, morning meeting, ELA, etc.) responsible for implementation
- Leadership - At least one administrator and one teacher who can hold the work as local experts

### Recommended

- Google Apps For Education - Single Sign On ("Sign in with Google" button)
- Social-Emotional Skill Competencies - Desired community values, behaviors, and skills
- Class Routines - Places to integrate practices into core classes to complement SEL in context
